# CR PRO ELECTRIC

## CR PRO ELECTRIC

### DESCRIPTION

The CR Pro is a high performance table top water dispenser. Thanks to its electrical and manual taps it's easy to use and its design fits perfectly in all HORECA environments.

### FEATURES

- Space-saving, high-performance table-top unit with ice-bank technology
- Adjustable height of the output unit
- Easy installation and maintenance thanks to integrated CO2 and water pressure regulator
- Choice of chilled, medium and fully carbonated water

<b>Reference</b>	3224000005
<b>Search Name</b>	221000790
<b>Item Name</b>	CR Pro Electric
<b>Type</b>	Cornelius Drinking Water Dispenser
<b>Dispense rate per hour</b>	Approx. 120 liter
<b>Amount of product continuously dispensed per hour</b>	53 liter
<b>Height</b>	533 mm
<b>Weight ice bank</b>	2.5 kg
<b>Width</b>	335 mm
<b>Peak Capacity</b>	140L within 2 hours
<b>Compressor</b>	7,57 cc
<b>Cooling performance continuously</b>	512 kcal

<b>General Technical Data</b>	Product coils: <ul style="list-style-type: none"> <li>• Material: Stainless Steel</li> <li>• Number: 1 pcs</li> <li>• Length of coils: 8m</li> <li>• Diameter: 7mm</li> </ul>
<b>Control Type</b>	Electronic thermostat
<b>Voltage</b>	230V / 50Hz
<b>Electrical supply</b>	2 m mains cable euro style plug
<b>Ambient Temperature</b>	Max. 32°C
<b>Shipping Weight</b>	36 kg
<b>Weight</b>	34 kg
<b>Depth</b>	610 mm
<b>Remarks</b>	Cooling performance and dispensing capacities at an ambient temperature of 24°C Water inlet temperature of 14°C and beverage outlet temperature of 8°C
<b>Power Consumption</b>	0.4 Kw

# PEARLMAX 4S

## PEARLMAX 4S

### DESCRIPTION

PearlMax 4S is the upgraded version of the PearlMax 4. It features henceforth a new touch pad control panel which provides an enhanced overall look of the unit combined with a more comfortable operation and easier cleaning of this area. Like its predecessor, the PearlMax 4S is a self-contained water dispenser offering outstanding carbonation and cooling performance.

### FEATURES

- Modern touch pad control panel based on existing PearlMax controller
- Portion control option
- Electronic monitoring of dispense volumes, filter and UV-C lamp
- Multilingual LCD display
- Choice of still, ambient, chilled and carbonated water
- Design engineering focused on the delivery of hygienic water quality e.g. nano-coated dispensing nozzle and optional UV-C lamp
- Easily removable drip tray with water level indicator (optical and electronical)
- Optional base stand to integrate filter and CO2 bottle
- Water filters can be installed inside
- Integrated features: AquaStop, inlet water pressure regulator and electronic carbonator level control

# PEARLMINI

## PEARLMINI

### DESCRIPTION

The PearlMini is the latest over counter development with a stylish flexible design in the water sector. Designed to be operated as a standard over counter cooler, it also offers the possibility to separate the tower from the cooler by mounting the dispensing tower on a stable surface at the serving location and installing the cooling unit underneath. This gives a whole new character to the PearlMini while retaining its stylish and classy charm.

The unit provides still water, medium carbonated- and carbonated water in a hygienic and excellent tasting water quality. Through its low noise level, the pearlMini is suitable for operating in offices or waiting areas.

### FEATURES

- Choice of ambient, chilled and carbonated water
- Low-noise design, can be located close to offices
- Design engineering focused on the delivery of hygienic water quality e.g. nano-coated dispensing nozzle
- Electronic multilingual display with thirteen languages
- Easily removable drip tray with water level indicator
- Portion controlled dispense possible
- Water filters can be installed inside
- Recommended branding opportunities on the front of the unit
